

Scrubmaster B100 R

Scrubmaster B100 R TB

**Area coverage
up to 4,200 m² cleaned/hour**

Slim, manoeuvrable and compact - the main features of the Scrubmaster B100 R which offers the right solution for every problem. It provides a successful combination of compact design and rational working width. The ergonomic cockpit, with comfortable seat ensures operators remain concentrated and fatigue-free. These slimline vehicles can also cope with narrow passages.

Technical Data Scrubmaster		B100 R TB
Working width	cm	65
Squeegee width	cm	86
Theoretical area coverage	m ² /h	4,200
Nominal voltage	V	36
No. of brushes		2 disk
Working speed	km/h	6.5
Solution tank	l	102
Recovery tank	l	102
Width, without/with squeegee	cm	73/85
Weight without battery	kg	280
Weight, wet with battery	kg	580
Total output	kW	2.23

1. Thorough working
close to borders

2. Minimum turning circle
